Let us tailor our services to meet your needs. We would like the opportunity to assist your school district, or library, by providing any or all of the following:

- Completion of all E-Rate forms
- RFP development for procurement of eligible products & services
- Competitive bidding support & evaluation of bids
- Technology Plan guidance
- CIPA and general compliance guidelines
- Comprehensive billing audits to determine total reimbursement
- Submission of appeals, service substitutions & SPIN change requests
- Tracking in important deadlines
- Managing mandatory document retention
- Training your staff to file future E-Rate applications

If you want us to manage the entire process we would be happy to do so. If, however, you would like E-Rate Strategies to support you during a staff transition, or through a particularly busy year— just let us know! We can be available full-time, year round and will provide any level of support that meets the needs of your organization.
